**COMMISSION REGULATION (EC) No 593/2007****of 31 May 2007****on the fees and charges levied by the European Aviation Safety Agency****(Text with EEA relevance)**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Regulation (EC) No 1592/2002 of the European Parliament and of the Council of 15 July 2002 on common rules in the field of civil aviation and establishing a European Aviation Safety Agency ⁽¹⁾, and in particular Article 53(1) thereof,

After consulting the Management Board of the European Aviation Safety Agency,

Whereas:

- (1) Commission Regulation (EC) No 488/2005 ⁽²⁾ established the fees and charges to be levied by the European Aviation Safety Agency (hereinafter ‘the Agency’).
- (2) The revenues of the Agency, consist of a contribution from the Community and from any European third country which has entered into the agreements referred to in Article 55 of Regulation (EC) No 1592/2002, of the fees paid by applicants for certificates and approvals issued, maintained or amended by the Agency, and of charges for publications, handling of appeals, training and any other service provided by the Agency.
- (3) The Agency’s revenue and expenditure should be in balance.
- (4) Fees and charges referred to in this Regulation should be demanded and levied by the Agency only and in euro. They should be set in a transparent, fair and uniform manner.
- (5) The fees levied by the Agency should not jeopardize the competitiveness of the European industries concerned. Furthermore, they should be established on a basis which takes due account of the ability of small undertakings to pay.
- (6) While civil aviation safety should be the prime concern, the Agency should nevertheless take full account of cost efficiency when conducting the tasks incumbent on it.

⁽¹⁾ OJ L 240, 7.9.2002, p. 1. Regulation as last amended by Commission Regulation (EC) No 1701/2003 (OJ L 243, 27.9.2003, p. 5).

⁽²⁾ OJ L 81, 30.3.2005, p. 7. Regulation as amended by Regulation (EC) No 779/2006 (OJ L 137, 25.5.2006, p. 3).

▼B

- (7) The geographical location of the undertakings in the territories of the Member States should not be a discriminatory factor. Consequently, the travel costs related to the certification tasks carried out on behalf of such undertakings should be aggregated and divided between the applicants.
- (8) The applicant should be informed, as far as possible, of the foreseeable amount to be paid for the service which will be provided and the way in which payment must be made before provision of the service starts. The criteria for determining the amount to be paid should be clear, uniform and public. Where it is impossible to determine this amount in advance, the applicant should be informed accordingly before provision of the service starts. In such a case, clear rules for assessing the amount to be paid during the provision of the service should be agreed before it is provided.
- (9) The industry should enjoy good financial visibility and be able to anticipate the cost of the fees it will be required to pay. At the same time, it is necessary to ensure a balance between overall expenditure incurred by the Agency in carrying out certification tasks and overall income from the fees it levies. It should therefore be possible to review the levels of fees annually on the basis of the Agency's financial results and forecasts.
- (10) Interested parties should be consulted prior to any modification of fees. Moreover, the Agency should regularly provide interested parties with information on how and on what basis the fees are calculated. Such information should provide interested parties with an insight into the costs incurred by the Agency and its productivity.
- (11) The tariffs set out in this Regulation should be based on Agency's forecasts as regards its workload and related costs.
- (12) This Regulation should be reviewed within five years from its entry into force.
- (13) Regulation (EC) No 488/2005 should be repealed.
- (14) The measures provided for in this Regulation are in accordance with the opinion of the Committee established by Article 54(1) of Regulation (EC) No 1592/2002,

HAS ADOPTED THIS REGULATION:

CHAPTER I
GENERAL PROVISIONS

Article 1

This Regulation shall apply to the fees and charges levied by the European Aviation Safety Agency, hereinafter 'the Agency', as compensation for the services it provides, including the supply of goods.

▼ M2

It determines in particular the matters for which fees and charges referred to in Article 64(4) of Regulation (EC) No 216/2008 are due, the amount of those fees and charges and the way in which they are to be paid.

▼ B*Article 2*

For the purposes of this Regulation, the following definitions shall apply:

▼ M2

- (a) 'fees' means the amounts levied by the Agency and payable by applicants for certification tasks;
- (b) 'charges' means the amounts levied by the Agency and payable by applicants for services other than certification tasks provided by the Agency, including the supply of goods;
- (c) 'certification tasks' means all activities carried out by the Agency directly or indirectly for the purposes of issuing, maintaining or amending certificates pursuant to Regulation (EC) No 216/2008 and its implementing rules;
- (d) 'applicant' means any natural or legal person requesting to benefit from a certification task or a service provided by the Agency;

▼ B

- (e) 'travel costs' means the transport costs, the costs of accommodation and meals, the incidental expenses and the travel allowances paid to staff in the context of certification tasks;
- (f) 'real cost' means the expenditure actually incurred by the Agency.

CHAPTER II

FEES

Article 3

1. The fees shall ensure a total revenue which is sufficient to cover all the costs arising out of the certification tasks, including costs arising from the related continuing oversight.
2. The Agency shall distinguish among its revenue and expenditure those which are attributable to certification tasks. For this purpose:
 - (a) the fees levied by the Agency shall be kept in a separate account and shall be the subject of a separate accounting procedure;
 - (b) the Agency shall draw up analytical accounts of its revenue and expenditure.
3. The fees shall be the subject of an overall provisional estimate by the beginning of each financial year. This estimate shall be based on the Agency's previous financial results, its estimate of expenditure and revenue and its forward working plan.

▼ B

If at the end of a financial year the overall revenue from fees, which constitute an assigned revenue in accordance with Article 53 of Regulation (EC) No 1592/2002, exceeds the overall cost of certification tasks, the excess shall be used to finance certification tasks in accordance with the Financial regulation of the Agency.

Article 4

The fee to be paid by the applicant for a given certification task shall consist of:

- (a) a flat amount which shall vary according to the task concerned in order to reflect the cost incurred by the Agency in carrying out this task. The different amounts of the flat fee are set out in Parts I and III of the Annex; or
- (b) a variable amount proportional to the workload involved, expressed as a number of hours multiplied by the hourly fee. The hourly fee shall reflect all costs arising from certification tasks. The certification tasks which are charged on an hourly basis as well as the applicable hourly fee are specified in Part II of the Annex.

▼ M2

Upon application of future Regulations, the Agency may levy fees according to Part II of the Annex for certification tasks other than those referred to in Part I of the Annex.

Any changes to the organisation that are reported to the Agency and affect its approval may have the effect of a recalculation of the surveillance fee due, which will be applicable as of the next fee cycle.

▼ B*Article 5*

1. The amounts set out in the Annex shall be published in the Agency's official publication.
2. These amounts shall be annually indexed to the inflation rate set out in Part V of the Annex.
3. The Annex shall be revised annually if necessary.
4. The Agency shall provide the Commission, the Management Board and the advisory body of interested parties established in accordance with Article 24 of Regulation (EC) No 1592/2002 annually with information on the components serving as a basis for determining the level of the fees. This information shall notably consist in a cost breakdown related to previous and next years. The Agency shall also provide the Commission, the Management Board and the advisory body of interested parties, twice per year, with the performance information set out in Part VI of the Annex and the performance indicators referred to in paragraph 5.

▼B

5. Within six months from the entry into force of this Regulation the Agency shall, after consulting the advisory body of interested parties, adopt a set of performance indicators taking notably into account the information listed in Part VI of the Annex.

6. The Agency shall consult the advisory body of interested parties before giving an opinion on any change in the fees. During this consultation, the Agency shall explain the reasons for any proposal for modifying the level of fees.

▼M1*Article 6*

Without prejudice to Article 4, where a certification task is conducted, fully or in part, outside the territories of the Member States, the fee invoiced to the applicant shall include the corresponding travel costs outside those territories, according to the formula:

$$d = f + v + h - e$$

where:

d = fee due

f = fee corresponding to the task carried out, as set out in the Annex

v = travel costs

h = time spent by experts in the means of transport, invoiced at the hourly fee set out in Part II

e = average travel costs inside the territories of the Member States, including the average time spent in the means of transport inside the territories of the Member States multiplied by the hourly fee set out in Part II.

▼B*Article 7*

At the request of the applicant and with the agreement of the Executive Director of the Agency, a certification task may exceptionally be carried out as follows:

- (a) by assigning categories of staff to it which the Agency would not normally assign to it under its standard procedures, and/or
- (b) by assigning such human resources to it that the operation is performed faster than under the Agency's standard procedures.

In such a case, an exceptional increase shall be applied to the fee levied in order to cover all of the costs incurred by the Agency in meeting the special request.

▼ M2*Article 8*

1. The fee shall be payable by the applicant in euros. The terms of payment shall be made available to applicants on the Agency's website. The applicant shall pay the fee in full including possible bank charges related to the payment before the issuing, maintaining or amending of the certificate, unless the Agency decides otherwise after due consideration of financial risks. The fee shall be paid within 30 calendar days from the date on which the invoice is notified to the applicant by the Agency. The application may be cancelled or the certificate may be suspended or revoked if the fees due have not been received upon the expiry of the deadline and after the Agency has sent out a formal warning.
2. The Agency may invoice the fee in one instalment after having received the application or at the start of the annual or surveillance period.
3. For all certification tasks which give rise to the payment of fees calculated on an hourly basis, the Agency may, on request, provide the applicant with an estimate. The estimate shall be amended by the Agency if it appears that the task is simpler or can be carried out faster than initially foreseen or, on the contrary, if it is more complex and takes longer to carry out than the Agency could reasonably have foreseen.
4. If, following a verification of an application, the Agency decides not to accept this application, any fees already paid shall be returned to the applicant, with the exception of an amount to cover the administrative costs of handling the application. That amount shall be equivalent to two times the hourly fee set out in Part II of the Annex. Where the Agency has evidence that the applicant's financial ability is at risk, it may refuse an application unless the applicant provides a bank guarantee or secured deposit. The Agency may also refuse an application, where the applicant has not fulfilled its payment obligations arising out of certification tasks or services performed by the Agency, unless the applicant pays for the outstanding amounts due for those certification tasks or services provided.
5. If a certification task has to be interrupted by the Agency because the applicant has insufficient resources or fails to comply with the applicable requirements, or because the applicant decides to abandon its application or to postpone its project, the balance of any fees due, calculated on an hourly basis for the ongoing period of 12 months but not exceeding the applicable flat fee, shall be payable in full at the time the Agency stops working, together with any other amounts due at that time. The relevant number of hours shall be invoiced at the hourly fee set out in Part II of the Annex. When, on demand of the applicant, the Agency starts again a certification task previously interrupted, this task shall be charged as a new project.
6. If the certificate holder surrenders the corresponding certificate or the Agency revokes the certificate, the balance of any fees due, calculated on an hourly basis but not exceeding the applicable flat fee, shall be payable in full at the time the surrender or revocation takes place, together with any other amounts due at that time. The relevant number of hours shall be invoiced at the hourly fee set out in Part II of the Annex.

▼M2

7. If the Agency suspends the certificate due to non-payment of the annual fee or surveillance fee or because the applicant fails to comply with the applicable requirements, the respective fee periods shall continue.

▼B*Article 9*

The fees shall be demanded and levied by the Agency only.

Member States shall not levy fees for certification tasks, even if they carry out those tasks on behalf of the Agency.

The Agency shall reimburse the Member States for the certification tasks they provide on its behalf.

CHAPTER III

CHARGES*Article 10*

1. Charges shall be levied by the Agency for all services, including the supply of goods, other than those referred to in Article 3.

However, the following shall be free of charge:

- (a) the transmission of documents and information, in whatever form, pursuant to Regulation (EC) No 1049/2001 of the European Parliament and of the Council ⁽¹⁾;
- (b) the documents available free of charge on the Agency website.

▼M2

▼B*Article 11*

The amount of the charges levied by the Agency shall be equal to the real cost of the service provided, including the cost of making it available to the applicant. To that end, the time spent by the Agency to provide the service shall be invoiced at the hourly fee referred to in Part II of the Annex.

▼M2

Charges shall be levied for processing an appeal lodged pursuant to Article 44 of Regulation (EC) No 216/2008 of the European Parliament and of the Council ⁽²⁾. The amounts of charges are set out in Part IV of the Annex. Where the appellant is a legal person, it is required to supply to the Agency a signed certificate from an authorised officer of the organisation concerned specifying the financial turnover of the appellant. This certificate shall be submitted together with the appeal notification. Appeal charges shall be paid within 60 calendar days from the date on which the appeal was filed at the Agency according to the applicable procedure established by the Agency. In the event the payment is not made within this deadline, the Board of Appeal shall reject the appeal. If the appeal is concluded in favour of the appellant, the appeal charges paid shall be reimbursed by the Agency without delay.

⁽¹⁾ OJ L 145, 31.5.2001, p. 43.

⁽²⁾ OJ L 79, 19.3.2008, p. 1.

▼ M2

An estimate of the amount of the charges may be communicated on request to the applicant before the service is provided. The estimate shall be amended by the Agency if it appears that the task is simpler or can be carried out faster than initially foreseen or, on the contrary, if it is more complex and takes longer to carry out than the Agency could reasonably have foreseen.

▼ B*Article 12*

The charges shall be payable by the applicant or, in the case of an appeal, by the natural or legal person lodging the appeal.

They shall be payable in EUR.

The applicant shall ensure that the Agency is paid the full amount due. Possible bank charges related to the payment shall be paid by the applicant.

Unless otherwise agreed between the Agency and the applicant or the natural or legal person lodging an appeal, the charges shall be levied before the service is provided or, where appropriate, before the appeal procedure is launched.

CHAPTER IV

TRANSITIONAL AND FINAL PROVISIONS

Article 13

Regulation (EC) No 488/2005 is repealed.

Article 14

1. This Regulation shall enter into force on 1 June 2007. It shall apply subject to the following conditions:

- (a) The fees shown in Tables 1 to 5 of Part I of the Annex shall apply to any certificate issued after 1 June 2007.
- (b) The fees shown in Table 6 of Part I of the Annex shall apply to the annual fees levied after 1 June 2007.
- (c) For applicants that have been charged the surveillance fee referred to in point (vi) of the Annex to Regulation (EC) No 488/2005 prior to 1 June 2007, the fees shown in Table 7 of Part I of the Annex shall apply from the first annual instalment due after the end of the 3 years period referred to in point (vi) of the Annex to Regulation (EC) No 488/2005.

▼ B

(d) For applicants that have been charged the surveillance fees referred to in points (viii), (x), (xiii) or (xi) of the Annex to Regulation (EC) No 488/2005 prior to 1 June 2007, the surveillance fees shown in, respectively, Tables 8, 9 and 10 of Part I, and in paragraph 2 of Part III, of the Annex to this Regulation shall apply as from the first annual instalment due after the end of the 2 years periods referred to in points (viii), (x) and (xiii) of the Annex to Regulation (EC) No 488/2005.

2. Notwithstanding Article 13, Regulation (EC) No 488/2005 shall continue to apply with respect to any fees and charges that are outside the scope of application of this Regulation in accordance with paragraph 1.

▼ M1
_____**▼ M2**

3. The Annex to this Regulation shall be reviewed periodically to ensure that significant information related to the underlying assumptions for anticipated income and expenditure of the Agency is duly reflected in the amounts of fees or charges levied by the Agency. Where necessary, this Regulation and its Annex may be revised at the latest five years after its entry into force.

▼ B

This Regulation shall be binding in its entirety and directly applicable in all Member States.

- Part I: Tasks charged a flat fee
- Part II: Tasks charged on an hourly basis
- Part III: Fees for other certification related tasks
- Part IV: Charges for appeals
- Part V: Annual inflation rate
- Part VI: Performance information

Explanatory note

- (1) Fees and charges are denominated in euros.
- (2) Products related fees referred to in Tables 1 to 4 of Part I are levied per operation and per period of 12 months. After the first period of 12 months, if relevant, these fees are determined pro rata temporis (1/365th of the relevant annual fee per day beyond the first 12 months period). The fees referred to in Table 5 are levied per operation. The fees referred to in Table 6 are levied per period of 12 months.
- (3) With regard to organisations related fees referred to in Tables 7 to 10 of Part I, approval fees are levied once and surveillance fees are levied every 12 months.
- (4) Tasks charged on an hourly basis referred to in Part II attract the applicable hourly fee, as specified in this Part, multiplied by the actual number of working hours spent by the Agency, or by the number of hours set out in this Part.
- (5) Certification specifications (CS) referred to in this Annex are those adopted pursuant to Article 14(2) of Regulation (EC) No 1592/2002 and published in the Agency's official publication in accordance with EASA Decision 2003/8 of 30 October 2003 (www.easa.europa.eu).
- (6) 'Large Rotorcraft' refers to CS 29 and CS 27 cat A; 'Small Rotorcraft' refers to CS 27 with Maximum Take Off Weight (MTOW) below 3 175 Kg and limited to 4 seats, including pilot, and to CS VLR; 'Medium Rotorcraft' refers to other CS 27.

▼M1

- (7) 'Derivative' means an amended Type Certificate as defined and applied for by the Type Certificate Holder.

▼B

- (8) In Tables 1, 2 and 6 of Part I, the values of the 'parts' refer to the relevant manufacturer's list prices.

▼M1

- (9) In Tables 3 and 4 of Part I, ‘Simple’, ‘Standard’ and ‘Complex’ refer to the following:

	Simple	Standard	Complex
EASA Supplemental Type Certificate (STC) EASA major design changes EASA major repairs	STC, major design change, or repair, only involving current and well-proven justification methods, for which a complete set of data (description, compliance check-list and compliance documents) can be communicated at time of application, and for which the applicant has demonstrated experience, and which can be assessed by the project certification manager alone, or with a limited involvement of a single discipline specialist	All other STC, major design changes or repairs	Significant (*) STC or major design change
Validated STC under a bilateral arrangement	Basic (**)	Non-basic (**)	Non-basic STC (**) when the Certifying Authority (**) has classified the change as ‘significant’ (*)
Validated major design change under a bilateral arrangement	Level 2 (**) major design changes when not automatically accepted (***).	Level 1 (**)	Level 1 (**) major design change when the Certifying Authority (**) has classified the change as ‘significant’ (*)
Validated major repair under a bilateral arrangement	N/A (automatic acceptance)	Repairs on critical component (**)	N/A

(*) ‘Significant’ is defined in paragraph 21A.101 (b) of the Annex to Regulation (EC) No 1702/2003.

(**) For the definitions of ‘basic’, ‘non-basic’, ‘level 1’, ‘level 2’, ‘critical component’ and ‘Certifying Authority’, see the applicable bilateral agreement under which the validation takes place.

(***) Automatic acceptance criteria by EASA for level 2 major changes are defined in EASA Executive Director Decision 2004/04/CF, or in the applicable bilateral agreement under which the validation takes place.

⁽³⁾ For aircraft of which less than 50 examples are registered worldwide, continued airworthiness activities shall be charged on an hourly basis, at the hourly fee set out in Part II of the Annex, up to the level of the fee for the relevant aircraft product category. For products, parts and appliances which are not aircraft, the limitation concerns the number of aircraft on which the product, part or appliance in question is installed.

PART III

Fees for other certification related tasks

1. Acceptance of approvals equivalent to 'Part 145' and 'Part 147' approvals in accordance with applicable bilateral agreements:

New approvals, per application	1 500 EUR
Renewals of existing approvals, per period of 12 months	750 EUR

2. Continuing Airworthiness Management Organisation Approval (referred to in Part M Subpart G of Annex I to Regulation (EC) No 2042/2003):

New approvals, per application	24 000 EUR
Renewals of existing approvals, per period of 12 months	18 000 EUR

3. Stand-alone revisions and/or amendments to Aircraft Flight Manual:

To be charged like a change to the corresponding product.

PART V

Annual inflation rate

The amounts set out in Parts I, II and III shall be indexed to the inflation rate set out in this Part. This indexation shall take place on the yearly anniversary of the entry into force of this Regulation.

Annual inflation rate to be used:	EUROSTAT HICP (All items) — EU 27 (2005 = 100) Percentage change/12 months average
Value of the rate to be taken into account:	Value of the rate on the 31st December preceding the implementation of the indexation

PART VI

Performance information

The following information shall relate to the last 6 month period preceding their issue by the Agency in accordance with Article 5.

Number of Agency staff conducting certification tasks

Number of hours outsourced to National Aviation Administrations (NAAs)

Overall certification cost

Number of certification tasks carried out (in full or started) by the Agency

Number of certification tasks carried out (in full or started) on behalf of the Agency

Number of hours spent by Agency's staff on continuing airworthiness activities

Overall amount invoiced to industry
